For both business owners and consumers, shopping with your local independent retailers puts more money back into your community.

The Independent Shops Directory is a searchable list of UK-based independent retailers and consumer-facing brands. Both physical stores and those that only trade online can add themselves.

This online shopping directory is designed to help you find and support UK independent shops. The directory has been created by Clare Rayner, [UK Retail Expert](#) with the sponsorship and support of a number of organisations passionate about UK independent retailers

We've made finding your local independent shops really easy, simply enter your **Town, County or Postcode** in the location box in the menu above, then click search and we'll provide a list of the independent shops in your area

Reasons for Shopping Locally Did You Know?

For every pound you spend in a local independent shop or locally owned business up to 70p benefits your local community whereas if you shop at an out of town centre or online with one of the retail multiples, as little as 5p finds it's way back.

So next time you go shopping, think about where your pound is going. Is it into some corporate shareholder's pocket or invested in your local community to make it a better place?
